

10 Ways Your iPad Can Cause An Accident or FAA Violation

This is a must-attend webinar for anyone who uses iPad, Android, and Handheld GPS. With the increase in popularity, a huge increase in FAA violations and pilot mistakes has happened as well. Come learn 10 simple steps to protect yourself and your pilot certificate.

Your speaker, Gary Reeves, is one of only a few Master Instructors in California and is the 2014 Flight Instructor and FAAST Member of the Year for the Long Beach FSDO. As an ATP with over 5500 hours he is a true expert on iPads in the cockpit

Directions: This is a free class included with admission to Airventure. For info please visit www.EAA.org

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASteam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
